RE: Amendment #1 to Contaminated Sites Laboratory Approval **20-001**

On April 18, 2022, Eurofins - St. Louis received an approval letter from the Alaska Department of Environmental Conservation's Contaminated Sites Laboratory Approval Program (CS-LAP). On April 28, 2022, you requested an amendment to your approval. This letter adds the compounds in the attached Scope of Approval to your existing approval.

Please note that for the compounds added to your approval, the effective date is April 18, 2022. These compounds are **not** retroactively added to cover the period between April 18, 2022, and May 24, 2022.

Please attach this letter to your original approval letter and Scope of Approval issued April 18, 2022. The two combined letters and the Scope of Approval are the documentation of your approval through the CS-LAP.

If you have any questions, please contact me at (907) 269-7526, or by email at [brian.englund@alaska.gov](mailto:brian.englund@alaska.gov).

Respectfully,

A handwritten signature in blue ink that reads "Brian Englund".
